SPRING 2017

GREETINGS TO FRIENDS OF MAHARA

Greetings all.

Christmas is fast approaching and before we all get too busy, it is time for another “Friends Event.”

I have enjoyed the Sculpture Garden in Mahara Place for many years. It was fairly new when I moved here in the mid nineties. I still remember what a pleasant surprise it was to walk down the lane from the highway and find flower beds and The Sculpture Garden. I have walked past thousands of time since and enjoyed the ambience.

Recently I stopped again and had a closer look and thought I would like to know more about this work. Three of the people who were involved have agreed to come and talk to us about what inspired the works and give us some background. Isobel McBeath, Pamella Annsouth and Bob Gibbs will talk to us about the work. Weather permitting we will take a walk and have a closer look.

Our Number One Friend, Gillian Lady Deane, may be able to join us and talk briefly about the place of public art.

I hope you are able to join us for this event.

Best wishes for a safe and happy holiday season.

Regards

Jan Nimmo
Convenor
Friends of Mahara.

UPCOMING FRIENDS EVENT
